

Transfer DRG

Currently, does your organization...

Have to generate and send your Medicare data files to your vendor?

Have to give your patients' medical records to your vendor?

Use a CMS NSV with direct access to your transfer DRG claims?

Use a vendor that focuses on recovering reimbursement for high-dollar claims only?

Employ individuals or teams to update claims manually?

Endure a potentially lengthy waiting period to receive reimbursement you're owed?

With Waystar

Zero data files are required from you. We've got it handled.

With us, no medical records are required. We use Medicare's CWF as a source of truth.

As an approved CMS NSV, we have access to ALL your Medicare claims data.

We guarantee total recovery — we easily find high- and low-dollar claims — to make a huge difference in your overall revenue.

We make changes to claims on your behalf using our proprietary technology and access to Medicare's FISS system.

We can turn around objections — and your money — faster.

BY THE NUMBERS

99%+

of the claims we process are paid

\$1B

in underpayments and uncompensated care recovered for our providers

\$3,500+

average recovery per underpaid claim
